## **Non-partisan ballot newsletters available from Sen. Stamas**

**LANSING** – State Sen. Tony Stamas, R-Midland, announced today that copies of a non-partisan ballot newsletter are available at libraries and various government offices across the 36th Senate District.

“These ballot newsletters are an important resource for registered voters,” Stamas said. “They will help those going to the polls on November 7th know the issues more in-depth.”

The non-partisan newsletters are beneficial when reading and researching ballot proposals before entering the voting booth.

“I’m glad to be able to make these ballot newsletters available to my constituents,” Stamas said. “I hope they find them useful in the voting process.”

Those interested in obtaining a copy of the ballot newsletter may also contact Stamas’ office toll free at 1-866-305-2136.
